SIA filed comments recently on NMP (copy attached) and we would like to follow-up with a meeting with you or your colleagues to discuss a number of issues and questions we have. Please let me know when we can arrange a meeting. Thanks.

Subject: Request for meeting re NMP

On behalf of the Semiconductor Industry Association (SIA), I'm writing to request a meeting with you and/or your colleagues to discuss EPA's ongoing work on NMP. As you may know from SIA's comments to EPA, the semiconductor industry uses NMP under carefully controlled conditions of use, and we have several issues and questions we would like to discuss about EPA's approach to evaluating NMP in our industry. Please let me know your availability for a meeting in September. Ideally, a small number of us would meet in person and we would like to have others join by phone. Thanks.

David
